SUMMARY

I am a dedicated and passionate software developer with a focus on full-stack development. With experience in web application development using technologies like HTML, CSS, JavaScript, React.js, and Node.js, I am committed to building responsive, user-friendly applications. I am constantly learning and improving my skills, seeking innovative solutions to challenges. I am also passionate about utilizing technology for educational purposes and making quality education more accessible.

SKILLS

Full Stack Development Responsive Web Design Problem-Solving Remote Work Software Development

EXPERIENCE

Software Developer

Eri-Equip

2017 - 2017 Eritrea

As a software developer at Eri-Equip, I contributed to developing web applications that streamlined internal processes, with a focus on creating user-friendly interfaces and ensuring functionality.

- Developed and maintained web applications for internal use. Collaborated with the team to implement new features and updates. Worked with back-end systems and integrated APIs to enhance functionality.

Freelance Web Developer

Self-Employed

2024 - Present Addis Abeba

As a Freelance Web Developer, I have been responsible for designing, developing, and maintaining responsive and user-friendly websites for a diverse range of clients. My focus has been on creating intuitive web applications that improve user engagement and enhance business performance.

- Developed and deployed multiple web applications using HTML, CSS, JavaScript, React.js, and Node.js. Created responsive websites for clients, improving their online presence and user engagement. Managed full project life cycles, from planning to deployment and maintenance

EDUCATION

Bachelor's Degree in Computer Engineering

Eritrea Institute of Technology

2012 - 2017 Asmara, Eritrea

Fullstack Web Development

Dot Ethiopia

2025 Addis Ababa, Ethiopia
